Recommendations and Release of Medical Liability.

Most people can use EMS training, but if you have a special health condition that does not allow you to participate in conventional sports, then you must get your doctor's approval. Unfortunately, we cannot accept clients with the following conditions: **Pregnancy, pacemakers, metals in the body, cancer treatment.**

Members and participants should consult with their physician or undergo a physical examination before using any of the Impulse Body Fitness facilities or enrolling in any class, especially if the member has a previous injury, history of heart disease, high blood pressure, or other chronic illness, is not used to physical exertion, or has other physical limitations.

Members and participants acknowledge that Impulse Body Fitness does not guarantee any medical or fitness benefits that may be obtained through the use of Impulse Body Fitness facilities, equipment, or services. Impulse Body Fitness does not substitute or suggest any medical treatment to members or participants. Only licensed medical professionals are qualified to give medical advice.
